PETITION FOR EXTENSION OF TIME UNDER 37 CFR 1.136(b)		Docket Number (Optional)
In re Application of D. T. Services, PO Box 240989 Honolulu, HI., 96824		
Application Number 10/711967		Filed 10/15/2004
For Derek Tamura, Inventor of SYSTEMATIC EXPANSION OF LEVERAGED FINANCING		
Art Unit 3696		Examiner FU, HAO

This is a request for an extension of time of 30 days (days), (weeks), (months) under 37 CFR 1.136(b) in this pending application. An extension of time is not available in this application under the provisions of 37 CFR 1.136(a); however, additional time to respond may still be granted under the patent statute. The petition fee under 37 CFR 1.17(g) is required. The reasons for requesting the extension of time are the following:

I, Derek Tamura, was confirmed having a life threatening and incurable medical affliction at or around April 1, 2008 and have since been in the care of Dr. Alan Tice since August 24, 2008 who has placed me in an experimental clinical research program to effect possible treatments to extend my life (see the attached "Corponicus Group IRB" approval letter page 1 of 9).

Weekly chemotherapy created an unbearable situation where "the treatment being worse than the disease" placed restrictions on my physical, mental and time capacities which retarded my ability to respond. On February 5, 2009 my prognosis was deemed favorable enough to allow me to pursue a productive life including my ability to resurrect the balance of my life and complete the patent application process in a timely manner.

I pray that an additional 30 days from the date of this mailing be granted this applicant to fulfill the following application requirements:

- a) Notice of Appeal.
- b) Amendments defined within the scope and merits of the application.
- c) Good and sufficient reasons as to the necessity and why those reasons were not presented earlier is due to reasons outlined in this petition for extension on time.

Enclosed is the Small Entity fee is Postal Money Order # 16611568176 in the amount of \$65.00
